

# PLAY MORE!

Living in the twenty-first century, our lives can be consumed by countless electronic devices. As a result, many of us have forgotten how to play. While play is essential in a child's development, it is also beneficial for people of all ages. Play can add joy to life, relieve stress, boost learning, and connect you to the world around you.

The Burbank Parks and Recreation Department provides many opportunities to play through its dedicated people, beautiful parks, and inspiring programs. Browse through our Recreation Guide to explore the many ways that you can Play More!
